Actividad integradora 3: Casos de Prueba

Integrantes:

Armando Arredondo Valle - A01424709

30 Octubre de 2022

```
================================
Bienvenido a la bitacora de seguridad
================================
Please insert the number of binnacle you want to display: 5

================================
Printing the binnacle in PreOrder
================================
423.2.230.77:6166
118.15.416.57:4486
108.57.27.85:5491
897.53.984.6:6710
960.96.3.29:5268
================================
Printing the binnacle in PosOrder
================================
108.57.27.85:5491
118.15.416.57:4486
960.96.3.29:5268
897.53.984.6:6710
423.2.230.77:6166
================================
Deleting a node
================================
118.15.416.57:4486
960.96.3.29:5268
897.53.984.6:6710
423.2.230.77:6166
================================
Deleting a deleteOneChild
================================
Delete node with a child
960.96.3.29:5268
897.53.984.6:6710
================================
Deleting a leaf
================================
```

```
================================================================
                     AVL TREE
================================================================

==============================
Printing the AVL in PreOrder
==============================
897.53.984.6:6710
118.15.416.57:4486
108.57.27.85:5491
423.2.230.77:6166
960.96.3.29:5268
==============================
Printing the AVL in InOrder
==============================
108.57.27.85:5491
118.15.416.57:4486
423.2.230.77:6166
897.53.984.6:6710
960.96.3.29:5268
```

```
==============================
Bienvenido a la bitacora de seguridad
